

# Hopkinsville Kentuckian.

VOL. XIX.

HOPKINSVILLE, KENTUCKY, FRIDAY, SEPT. 24, 1897.

NO. 74

## Buy Your Winter Goods Early

Whether you buy from us or some other firm, take our advice and buy all your winter clothing and shoes, as early as you possibly can.

Merchandise of all kinds is advancing—almost daily we receive notification from some mill or factory of the advance of their line.

We open this season with prices as low and in some instances lower than we have ever named before.

As long as our stock lasts we will make no change in our prices, but when our present supply is exhausted and we have to place new orders prices will be higher.

These are plain unvarnished facts.

The early buyers will surely fare best this season.

### J. H. ANDERSON & CO.

## Now Is the Time FOR SCHOOL SHOES.

OUR  
Good Luck  
School  
Shoes

—AT—  
75c for 5 to 8.  
\$1.00 for 8½ to 10.

## COUNTY CANDIDATES.

A GOOD, STRONG AND CLEAN TICKET  
TO VOTE FOR.

Short Biographical sketches of the Democratic Nominees—Men Who Will  
Run the Country When the  
Flag is Turned Out.

Below we give a short sketch of each of the nominees for office on the local Democratic ticket. They represent every portion of the county and the nominees are all well known and reputable citizens. There is not one of them who would not make an efficient, capable official.

Mr. John C. Duffy, the nominee for Representative, is a young man of unusual strength of mind and the most exemplary habits. For some years he was a professor in South Kentucky College, but studied law and is now a practicing attorney. He is a good speaker, a moral, upright and popular man, and would make the county a most acceptable representative.

Mr. Jas. K. Forbes, the nominee for County Judge, is one of the very best citizens of the county. A successful business man, a progressive public-spirited citizen, he has always been at the front in all works of improvement and progress. For some years he conducted a branch of the immense business of Forbes & Bro. in Bowling Green, and was chosen Mayor of that city while there. He made a splendid official and would make the best county judge the county ever had. A good business man is needed more in the office of county judge than any other office in the county and there are no better business men in the county than Jas. K. Forbes.

Mr. Albert Kelly, of Longview, is the nominee for Circuit Court Clerk. He is a well-known and highly esteemed farmer, who had a useful business training of several years in the stores of this city before he moved to the country. He is well qualified for the duties of the office he seeks, is popular with the people, and the county would have an excellent official if he should be elected.

Capt. C. D. Bell, the candidate for County Clerk, is a substantial farmer of the Southern portion of the county, who has made a success in whatever he has undertaken. As a soldier he was one of the bravest who wore the gray, and in the walks of peace he has ranked among the county's best citizens. Capt. Bell was elected to the State Senate last year, but deprived of his seat by a combination of his political opponents in that body, who refused to correct the frauds developed in the contest. Capt. Bell is one of the strongest men on his ticket.

Frank Rives, the nominee for County Attorney, is a young lawyer of Hopkinsville, a son of Mr. Robt. F. Rives, of Casky. He is a young man of fine character and high promise. The county would be fortunate to have his services as county attorney for the next four years.

Thos. J. Davis, of Crofton, who firmly believes that he will be the next Sheriff of the county, has been a business man of Crofton for several years. He has recently retired from the mercantile business and is now prosecuting his canvass with vigor and success. He is especially popular in his section of the county and if his opponent beats him he will know he has been in a race.

L. L. Nicholls, known to his friends as "Livy," is running a rattling race for Jailer. He is a young farmer of the Concord district, and his friends are legion in all of the parties. He would make the county a model jailer and one who could always be relied upon to do his duty.

Mr. H. B. Crunk, a young man living near Kelly, is the nominee for Surveyor. He is capable and well qualified, and his character is such as to commend him to the favorable consideration of all friends of good government.

Prof. U. L. Clardy, who may be the next Superintendent of Schools in spite of the republican majority sometimes returned in the county, is one of the ablest teachers in the county. He is a graduate from two colleges and no young man in the county is better qualified for the office he seeks. His home is near Howell and he will add much strength to the ticket.

Mr. Jas. G. Yancey, a well-known farmer of the Dogwood Chapel district, was given the nomination for the responsible office of Assessor, and should he be elected the county would have an official who would leave nothing undone to perform his duties in a proper and satisfactory manner.

The ticket as a whole is a clean and capable one from end to end. The county has been ring-ridden for years by the crowd of self-perpetuating politicians who parcel out the places on the Republican ticket once every four years. There is a disposition all over the county to clean out the Court House one more time and put new and better men in office. The ticket we have named is one that appeals to the good judgment of men of all parties who want a change from the present condition of affairs in Christian county.

## STILL IT SPREADS.

Fever Situation Does Not Improve much—  
News Hereafter Will Be Suppressed.

New Orleans, Sept. 22.—The official record in the Board of Health office to night at 6 o'clock showed a total of twelve cases since 6 o'clock yesterday evening and two deaths. The new cases are for the most part widely scattered and several of them at least do not seem to have been the outcome of local infection. It is apparent that the microbes brought over in baggage from Biloxi and Ocean Springs are still incubating, and that many more cases of fever are to be looked for. The system of quarantine and sanitation in vogue here is unquestionably showing good results, and whatever spread there is of the sickness is confined to houses in which yellow fever already exists, or in premises immediately adjoining. The quarantine doctors have decided not to announce new cases of fever to the press. The doctors in Mobile have decided to report no more suspicious cases and will wait until they are decided to be yellow fever. That accounts for the reports from that town during the last few days.

## SACRIFICED HIS LIFE.

New Orleans, Sept. 22.—The death of Dr. Joseph Lovell to-day from yellow fever caused an unpleasant feeling. He was one of the first to throw himself into the work of trying to check the progress of the disease and labored incessantly with the cases reported on St. Claude street. He was taken sick at the very beginning of his work and died to-day.

## FAVORABLE REPORT FROM MOBILE.

Mobile, Ala., Sept. 22.—There was a slight increase in the number of new cases of yellow fever during the twenty four hours ending at noon to-day, but this was offset by the announcement that there were no deaths to report; that five of the patients were doing well. There has been no deaths here since Saturday last, and the total number of deaths is three. The total number of cases is thirty-four.

## DEATH IN TEXAS.

Galveston, Texas, Sept. 22.—Yellow fever has broken out in Beaumont, Tex. The death of Tom Lovejoy at that place is announced by State Health Officer R. M. Swearingen to have been due to the scourge. An absolute non-intercourse quarantine against Beaumont has been established by this city.

## ANOTHER JACK.

Jack Frost Divides Honors With Yellow Jack.

Killing frosts on the mornings of Sept. 21 and 22 is the record for 1897. Reports from all parts of the county have come in and very serious damage has been done. In lowlands the crop is unfit to cut, while on uplands the top leaves are badly stained. It is estimated that one-fourth of the crop was out, and as a result of the destruction wrought the local market showed a sharp advance this week.

Mr. C. A. McReynolds, of Julien, lost nearly all of his crop.

McRae Bros., of Longview, were heavy losers.

Mr. J. J. Reed, of Gracey, lost very heavily, having thirty acres out, and most of it was bitten.

Mr. L. L. Leavell, who has been down in the Flatlick county, reports general losses, nearly everybody having out some late planting.

Our Lafayette correspondent writes: "Sharp frost in this section. At least half of the crop considerably damaged and a good part of it entirely ruined. Will not be worth cutting."

Mr. E. E. Wash, of Wallonia, reports very general losses in that part of Trigg county.

Capt. R. S. Pool, of Gracey, says in that neighborhood all lowland crops were killed.

Mr. M. A. Mason gives a similar report from south of town.

The daily papers have telegraphic advices from all over the State, and in some places it was worse than here. In the river counties where a good rain fell a few days ago, it was almost a total loss to outstanding crops. The tobacco crop was very light to begin with and now that it has been out short by frost the crop already saved will bring a big price.

## CHARLIE CAMPBELL OUT ON BOND.

His Case Continued Until January—Civil Suit For Damages.

Henderson, Ky., Sept. 20.—Charles H. Crowder, the L. & N. flagman who was shot and wounded by Charles Campbell on July 22, brought suit yesterday against Campbell for damages in the sum of \$5,000. Campbell is said to be heir to an estate worth \$6,000.

Campbell's case was before the court today on the charge of maliciously shooting Crowder, and he was released on a \$500 bond, John Stites, of Louisville, who is trustee of his estate, being his bondsman.

## CREAM OF NEWS.

IF IT IS NEW AND TRUE THIS COLUMN  
HAS IT.

Methodist Conference—Charlie Campbell Out—Killing Frost—Swaged By a Fall—Dr. Gaines Insane.

## Stole His Bike.

Some one stole Mr. Chas. Hayden's bicycle Wednesday night. The wheel was left at the foot of the steps while Mr. Hayden went up stairs in Mr. W. R. Bowles' photograph gallery, and when he came down it had disappeared.

## The Masonic Picnic.

About two hundred Masons from neighboring lodges attended the Masonic reunion at Cerulean Springs, Wednesday. Grand Chaplain Coleman, of Louisville, made the speech of the day. Hopkinsville lodge was represented by Messrs. W. B. Lander, C. E. Graves and A. S. Cox.

## Punched With a Pitchfork.

Mr. Wilson Major got one of his hands pretty badly injured Wednesday. He and his son were handling some corn stalks. Just as Mr. Major attempted to pick up a lot of trash his son ran a pitchfork under the pile and two of the prongs entered his hand, making an ugly wound.

## Probably Fatally Hurt.

Francis Dorris, one of the best known and oldest citizens of the Sharon Grove vicinity, Todd county, met with what is thought a fatal accident. He was riding his horse and driving some cattle to water when the horse fell and threw him on a snag, the timber entering his side. Mr. Dorris is seventy years old.

## Dr. R. W. Gaines' Mind Fails.

Dr. R. W. Gaines, the venerable physician who until a few months ago was in active practice at the advanced age of 82 years, has lost his mind and was this week sent to the Asylum for treatment. He had a severe spell of sickness last summer and when his general health was restored it was found that his mind was seriously impaired. He has been making his home with his relative Mrs. C. E. Blakemore, but it was thought best by his friends to send him to the Asylum.

## The Benefit To Night.

What promises to be the finest entertainment of this season is the concert at the Tabernacle to-night, for the benefit of the Latham Light Guards. These are our home boys, who are a credit to the city, and it behooves all of our citizens to turn out en masse and help them. It is a big undertaking to bring twenty-five professional musicians like the Louisville Military Band to a city of this size and the Kentuckian bespeaks for the boys the patronage of all our people.

## Emancipation Celebration.

The colored population some how found out Wednesday that they had been set free and a great crowd of them came to town to celebrate the event. They had three bands and spent most of the day marching about the streets and making music. The main parade was on a large scale. The procession was a mile long and wound up at the fair grounds, where speech making was indulged in and a general jubilee enjoyed. The big crowd, he it said to its credit, was very orderly and there was not a single arrest made during the day.

## Catholic Priest Finds Gold.

Clarksville, Tenn., Sept. 21.—What is believed to be gold and silver-bearing quartz has been discovered several miles south of this city on the Louisville & Nashville railroad by Father Japes, the Catholic pastor of this city. He will have the heavy quartz tested, and considerable excitement has been occasioned. Those who should know are of the opinion that the quartz is very valuable. It will be quite easy to mine, and as it is on the railroad, could be easily conveyed to market. The location is being kept secret.

## The Coming Light.

The Gas Company has erected on Main, between 13th and 14th, and on 16th streets, two beautiful Welsbach street lamps for the purpose of showing to the public the value of this wonderful invention as a street lighter.

On 16th street, where it has been as dark as Egypt, except of moonlight nights, the effect is simply delightful. These lights we are told are much more economical than are lights, and in many respects preferable, and for large stores they have no equal. The company will continue these lights gratis for two or three months, and if they give the satisfaction here that they do in many other cities our council would do well to put up a few in dark places.

Three tramps held up a train near Smith Lake, Minn.
